WHY PLAY TENNIS: Tennis is a lifetime sport that has been scientifically shown to develop discipline and work ethic as well as teach teamwork and social skills. Additionally, tennis helps improve aerobic and anaerobic fitness levels, increase speed and agility, develop strength and flexibility and refine eye-hand and overall body coordination.

WHAT IS MIDWEST YOUTH TEAM TENNIS: Midwest Youth Team Tennis has been developed to give children the opportunity to play tennis as a team sport just like other sports. The Midwest Youth Team Tennis program uses the QuickStart Tennis play format. To learn more about this program, visit www.MidwestTeamTennis.com.

WHAT IS QUICKSTART TENNIS: The QuickStart format includes modified, age appropriate 36' and 60' courts, racquets and tennis balls. It allows for even the youngest participants to establish control and rally during their matches. For more information, please visit: www.quickstarttennis.com.
