What is a multi-cultural fair?

Ohio Northern University held its annual Multicultural Fair in the McIntosh Center Activities Room on April 10.

This event is a collaboration of ONU's International Services, ONU Student Senate and seven multicultural student organizations.

The Multicultural Fair offers an opportunity for members of ONU's diverse international student population to showcase their home countries with traditional clothing, cultural decorations and crafts, ethnic food samplings, and musical arts.

Some of the countries featured included Brazil, China, Japan, Taiwan, Denmark, South Korea, Afghanistan and Saudi Arabia.

In addition to the display booths and talent show, the night included an international flag installation in ONU's student center, a culturally themed photo booth, a competitive talent show, and recognition of international student scholarship winners.

The event concluded with an International Dance Party in the McIntosh Center Ballroom.
