PART 3

Polar bear fixation

Our little polar bear friend Bi has traversed the Village of Ada and now, in Part 3 of our saga, we find him throughout campus. He finds Klondike's in McIntosh, a buddy at The Inn, a sign pointing to Klondike's den, even a place where people plunge into the icy cold water in February. Follow him through campus in today's installment.

Tomorrow — total polar bear country can be found at King-Horn/Sports Center. This town and campus is polar bear crazy, as Bi found out on his trip here during a harsh winter.

I hear they have a Polar Plunge here.

Look, there's Klondike's home.

I found a buddy at The Inn. I'll stay here, but I only need the bear-necessities.

Now, that's one big polar bear!

I'll stop by the 302 for a Klondike Bar.

Who is peeking at me?
