FUND STATUS

REVENUE STATUS

APPROPRIATION STATUS

All voted yes.

Patty - Direct deposit will be working in the next week.

Jay - has the new breathing apparatus and should be receiving the grant money any time now.

Will - Trimmed the trees on TR 41 at the bridge. The roof has been repaired at the cemetery office. Trimmer and leaf blowers have been tuned up. Would like to get some type of hoop building to keep the salt, stone and dirt out of the elements. Also, a reminder about the road mower. Would like to keep it tabled so it isn't forgotten about come spring when it is needed.

The trustees expressed they only want the 550 truck out in the snow and salt as little as possible. Use the big trucks for plowing. Want to keep the 550 as nice as long as possible. Also told Will to replace the insulation and drop ceiling in the cemetery office that had the mold.
