FUND STATUS

REVENUE STATUS

APPROPRIATION STATUS

All voted yes.

Patty - Gave Will the new road/sign inspection sheets and vehicle pre-trip inspection sheets.

Handed out W2's and 1099's.

Deadline for the replacement levy for the spring ballot is Feb. 5, 2025.

We may need to have a meeting in between now and the next regular meeting to get the levy on the ballot with all the correct paperwork.

Payroll direct deposit is now working.

Fire grant money should be deposited within the next 3-5 days per a letter from FEMA Co.

Tom Miller from the EMS needs to have a letter from the township stating that the EMS entrance on N. Gilbert is also an entrance and exit for the Fire Department in order for signs to be put up for no parking directly across from the new EMS building. The only parking it would eliminate is in front of an empty lot with drive way access. A letter will be typed up and given to Tom.

Jay - nothing new, just happy the money is coming in from the grant.

Will - Have been painting the office at the cemetery. The garage door spring broke, had it repaired. Having some issues with the skid shoe on the plow, need to look into getting a sway bars put on it. All of the lights were replaced in the K building with led bulbs.

Next meeting: February 3, 2025
