

Ada Cloverbuds

If you are in grades K-2 and just can't wait until it is your turn to join 4-H, then this is the group for you!

The primary goal of the 4-H Cloverbud program is to promote children's healthy development – mentally, physically, socially, and emotionally. The Cloverbud program is different from the traditional 4-H program because it is developmentally age appropriate. It is leader directed, activity based, non-competitive, and success oriented. We do all our activities as group-centered learning.

This is our seventeenth year for the Ada Cloverbuds club. Over the past several years we have had programs on animals, plants, emotions, rockets, woodworking, sewing, construction/building, and sports. The kids do a lot of hands-on activities or crafts that correspond to the program for the evening. Our meetings are always a lot of fun! Last year we started meeting with the members of the Liberty Belles & Boys 4-H Club.

Our meetings are April through August. If you are interested in more information or have questions, please contact Megan Burgess at 330-317-3327 or Kori Phipps at 419-296-4639.

All 2025 meetings will be on the third Tuesday of the month at the **Community Health Professionals Building, located at 1200 S. Main St, Ada from 6:30-7:30pm.** The dates of the meetings will be:

April 15, May 20, June 17, July 15, and August 19.

You must be Age 5 and in Kindergarten as of January 1, 2025 to sign up for Cloverbuds.

If you are not able to attend the first meeting, but still want to enroll in Cloverbuds, please call or text Megan Burgess at 330-317-3327 or Kori Phipps at 419-296-4639.
